Vaccine Checklist

Haven't had your vaccine yet but planning to? The Ohio Department of Health has a helpful checklist on their website that includes places to document your specific vaccine appointment details, information about what to expect after the vaccine, and other helpful reminders. Log on to coronavirus.ohio.gov and look under "Latest Information and Resources".

Information about vaccine providers in our ten core counties is available at our website at www.aaa7.org or by calling 1-800-582-7277 Monday through Friday from 8:00 am until 4:30 pm. This includes Adams, Brown, Gallia, Highland, Jackson, Lawrence, Pike, Ross, Scioto and Vinton.
